Welcome to Flightdeck Advisor - New account registration

December 17, 2018 at 10:06 PM

Hi John Doe (),

Your account for FliteDeck Advisor has been successfully created. The Airline Focal role is assigned to your account.

To get started with your new account registration,

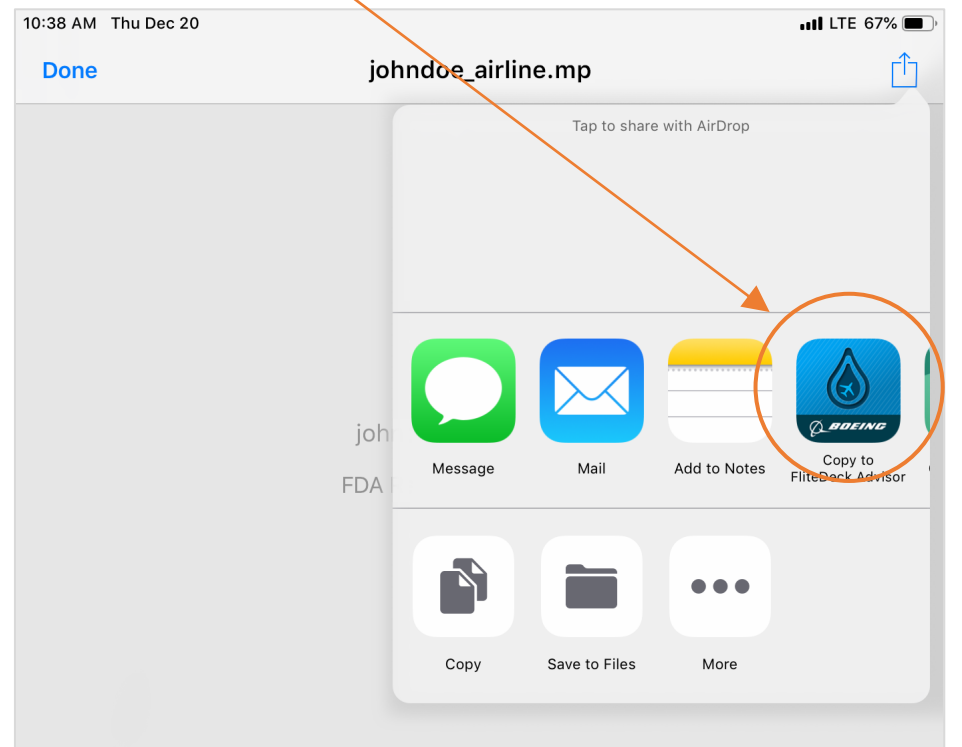

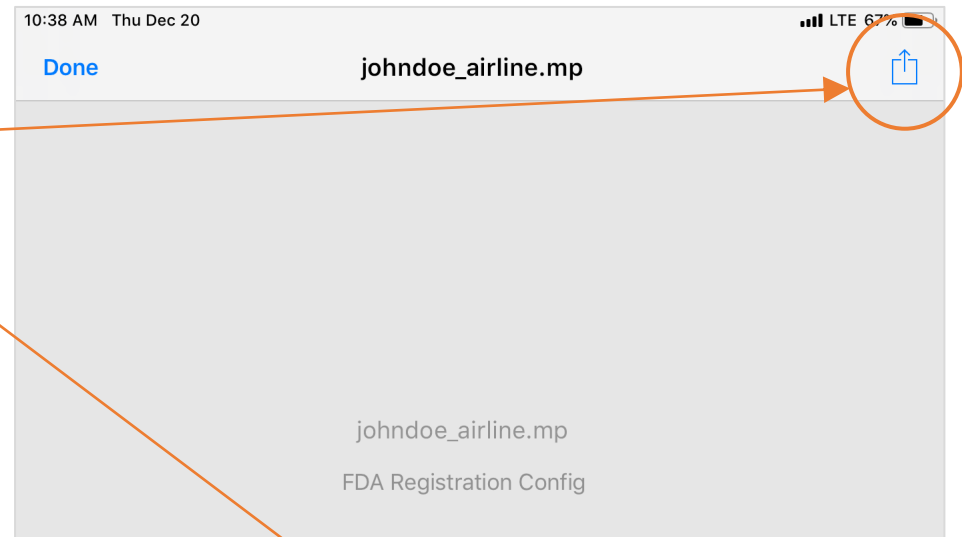

1. Go to the [App Store](#) to install FliteDeck Advisor on your iPad. Open the installed application.
2. Come back to this email and tap on the MP attachment to open it. Tap on the icon at the top-right corner of the new screen, then tap on "Copy to FliteDeck Advisor" to continue.
3. After completing the registration and the WiFi configuration, reopen the FliteDeck Advisor to start using it.

Please find the attached PDF document for detailed instructions. If you experience any issues or have any questions, please contact our representative, Jim Fritz.

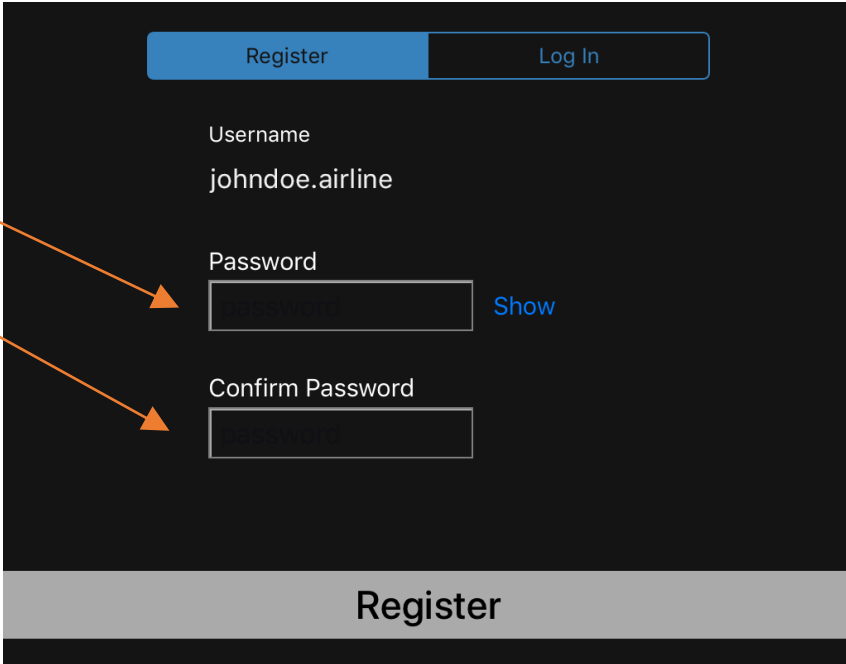

Step 4: Open the attachment

1. Tap on the icon at the top-right corner of the screen.
2. Tap on "Copy to FliteDeck Advisor" with the FDA icon to continue.

Step 5: Register

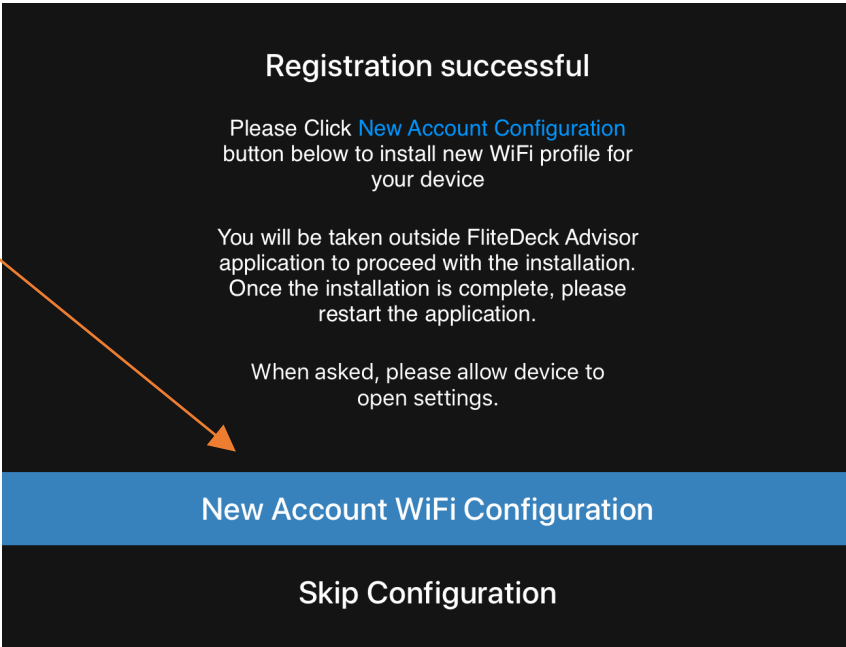

1. Create a new password for your account.
Confirm password by typing in the same password.
2. Tap "Register" button.

The screenshot shows a registration form on a dark background. At the top, there are two buttons: "Register" (highlighted in blue) and "Log In". Below these are three input fields: "Username" with the text "johndoe.airline", "Password" (with an arrow pointing to it from the instructions), and "Confirm Password" (with an arrow pointing to it from the instructions). To the right of the Password field is a blue "Show" link. At the bottom of the form is a large grey button labeled "Register".

Step 6: Start WiFi configuration

1. After registration is successfully completed, tap on "New Account WiFi Configuration."

The screenshot shows a screen titled "Registration successful". The text reads: "Please Click [New Account Configuration](#) button below to install new WiFi profile for your device". Below this, it says: "You will be taken outside FliteDeck Advisor application to proceed with the installation. Once the installation is complete, please restart the application." and "When asked, please allow device to open settings." At the bottom, there are two buttons: "New Account WiFi Configuration" (highlighted in blue) and "Skip Configuration". An arrow from the instruction in Step 6 points to the "New Account WiFi Configuration" button.

Step 7: Complete WiFi configuration

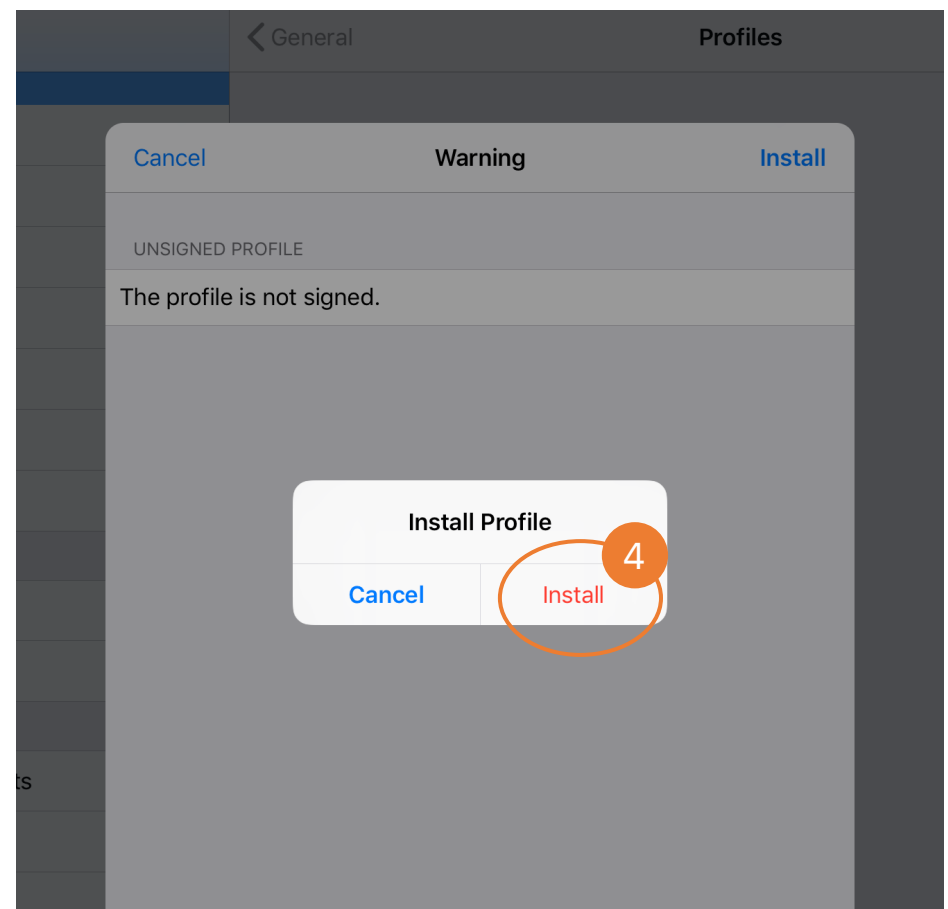

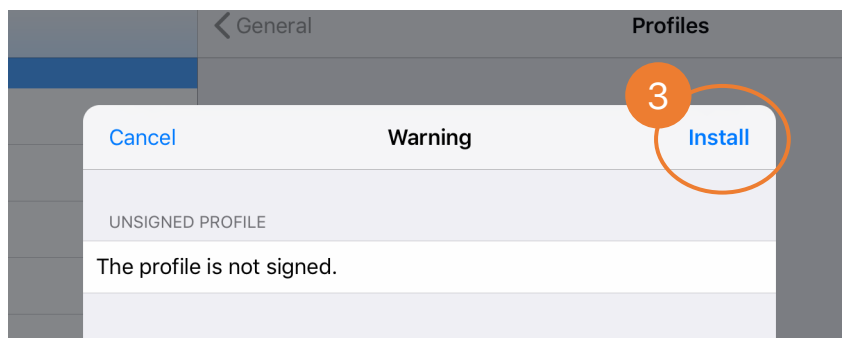

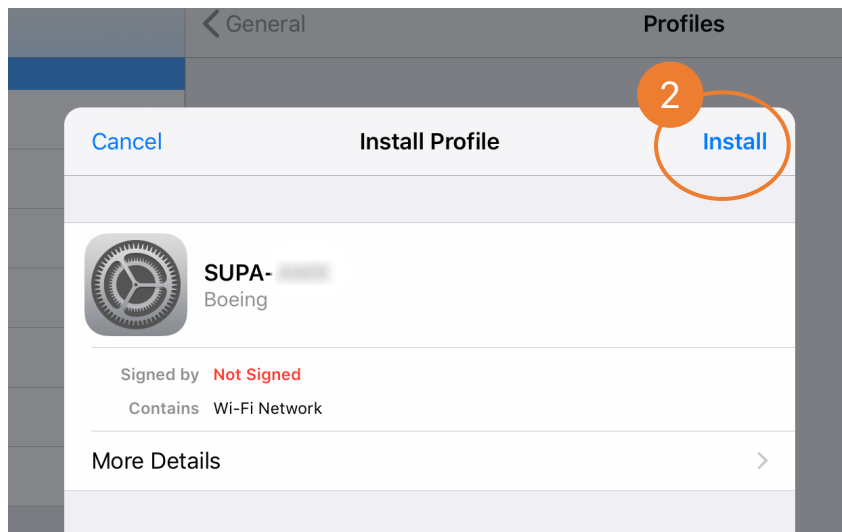

1. Tap "Allow" to open Settings.
2. Tap "Install." Enter the Passcode if required.
3. Tap "Install."
4. Tap "Install."

This website is trying to open Settings to show you a configuration profile. Do you want to allow this?

Ignore

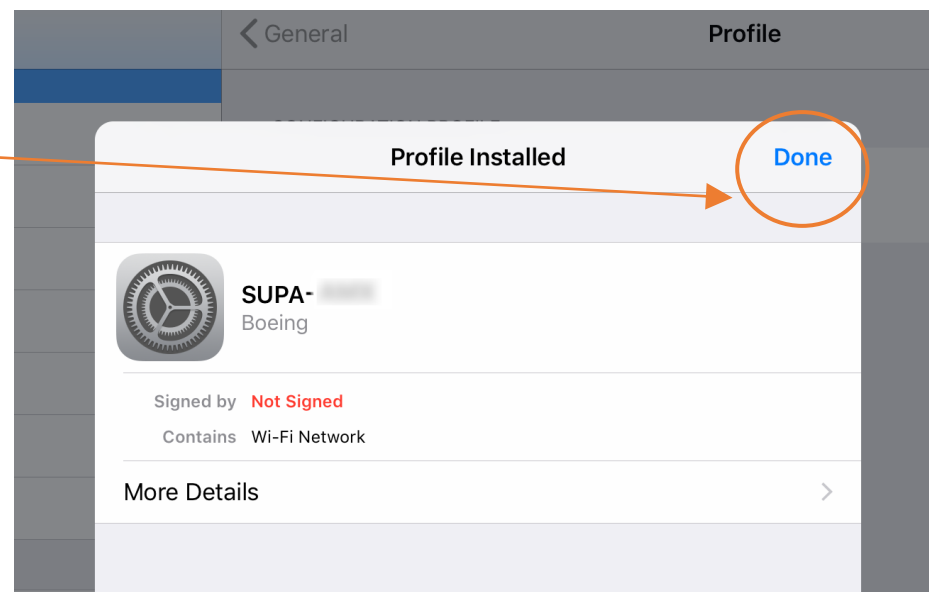

Allow

1

Step 8: Finish configuration

1. Tap "Done."
2. Reopen the FliteDeck Advisor app.
3. Tap "Skip Configuration" to continue to the application.

Note: You only need to register one time if you keep the same iPad for this installation. If you switch to another iPad, you will have to follow this procedure to register again for the new iPad.

If you experience any issues or have any questions, please contact our representative, Jim Fritz james.l.fritz@boeing.com.
